FIBER OPTIC DESIGNS

Fiber Optic Designs is a research and development company formed to develop lighting and light-related products to be used in the home and industry. It currently operates two divisions, Optoelectronics and UV Filtering.

The company's Optoelectronics Division has several patent-pending, energy efficient lighting products including the FOREVER BRIGHT line of holiday and decorative lights. The UV Filtering Division recently developed SOLARSAFE, a PVC (Polyvinyl Chloride) film that absorbs Ultraviolet (UV) light.

Fiber Optic Designs maintains headquarters in Yardley, Pennsylvania. Research and Development is located in La Jolla, California under the guidance of the company's chief technology officer, Mark Allen, Ph.D. Sales offices operate out of its Yardley, PA headquarters as well as through a nationwide network of sales representatives.

FOREVER BRIGHT HOLIDAY AND DECORATIVE LIGHTS

(SPECIFICATIONS:)

- Solid-state LED semiconductor lights carrying a 5 year manufacturer's warranty
- Nearly indestructible, solid epoxy lenses
- Rustproof, Zinc-coated lamp contacts
- Uses standard house current (120 VAC, 60 Hz)
- No transformer required
- UL listed for indoor/outdoor use

(more)

FOREVER BRIGHT FEATURES

- Solid-state reliability
- Longevity – LED Lamps rated for 200,000 hours of use
- No glass bulbs to break and no filaments to burn out
- Extreme Energy efficiency, uses only 10 to 20% of the electricity required to power and incandescent (traditional) light string of similar size
- Added safety. Lamps remain cool regardless of the length of time left illuminated
- Available in 35, 50, or 100 lamps per strand
- Available in red, green, gold, blue, white or mixed colors
- The popular Icicle and Curtain styles are also available
- Also available in an exciting new color, *Candlelight*, reminiscent of the color of lit candles for a classic holiday look.

SOLARSAFE POLYVINYL CHLORIDE FILM FEATURES

- Near total UV protection (over 97%)
- Spectral tested UV absorption
- Optically clear
- Can be tinted
- Available in custom widths
- Available in custom thicknesses
- Available in varying degrees of suppleness

Forever Bright holiday and decorative lights are available through a network of manufacturers sales representatives located throughout North America and managed by the International Marketing Corporation (IMC). Additionally, Forever Bright lights can be seen at showrooms in New York, Atlanta, Chicago, Dallas, Reno, Phoenix, and Los Angeles. IMC has been a leader in the sale and wholesale distribution of holiday and decorative lighting products since 1985.
