**FIBER OPTIC DESIGNS  
RECEIVES UL APPROVAL  
FOR LED-BASED DECORATIVE LIGHTS**

YARDLEY, PA – The Optoelectronics Division of Fiber Optic Designs has announced that its *FOREVER BRIGHT*® line of decorative lights has received UL (Underwriter Laboratories) approval for indoor/outdoor use. The *FOREVER BRIGHT* line is the only line of LED-based decorative lights to be granted UL approval to date.

“UL approval was extremely important to us,” said David Allen, President of Fiber Optic Designs. “We have a line of lighting products that are designed to be used in and around peoples’ homes. We want to be sure they are as safe as we can make them.”

The *FOREVER BRIGHT* line was granted UL approval under code UL 588, the code that certifies holiday and decorative lighting products.

“Prior to LED-based lighting, decorative lights all had incandescent bulbs, not semiconductors encased in solid

epoxy commented Mr. Allen. "UL realized this and, after polling its offices worldwide, tested *FOREVER BRIGHT* LED-based lights as a 'new and unusual' product."

Fiber Optic Designs has seen a great deal of interest on the part of retailers for the *FOREVER BRIGHT* line of lights, providing the lights comply with stringent UL testing. "We have done that," added Allen. "Buyers appreciate the brightness, energy savings, reliability and safety of the lights. Now that the UL certification process has been completed, we anticipate an exciting year for our company."

Headquartered in Yardley, Pennsylvania, Fiber Optic Designs research and development facilities are located in La Jolla, California. The company operates sales offices out of its Yardley, PA headquarters as well as the International Marketing Corps' showrooms and offices nationwide.

Further information about *FOREVER BRIGHT* decorative lights can be obtained by contacting International Marketing Corporations headquarters at 1-800-683-9162, or by contacting Fiber Optic Designs, 704 Floral Vale Boulevard, Yardley, PA 19067, or on the World Wide Web at [www.foreverbright.com](http://www.foreverbright.com).
